

**EAST END HOSPICE MISSION STATEMENT**

East End Hospice provides care and comfort for terminally ill patients and their families and loved ones in our communities on the North and South Forks of Long Island, including Brookhaven Township. Healthcare professionals and volunteers offer pain and symptom control as well as palliative care, social, emotional, and spiritual support to patients and their loved ones in the comfort of their own homes. East End Hospice also seeks to promote awareness of the benefits of hospice care in our communities through educational and informational presentations to civic, fraternal and religious groups, professional organizations and educational institutions. No one shall be denied care because of inability to pay.
